JOHNSON IN CONTROL.

The Mayor of Cleveland Will Be the Big Gun at the Convention.

REV. H. S. BIGELOW MAY HEAD TICKET.

The McLean Men Are Said to Be Anxious to Secure Control of the State Central Committee.

Sandusky, O., Sept. 2.—Some of the leaders and delegates are already here for the Democratic state convention, which has its preliminary meetings Tuesday and its sessions on Wednesday.

Nominations are to be made for only four state offices and there are not heated contests for places on the state ticket. As the result of the county conventions indicating in advance that the McLean element was taking no aggressive part except in the selection of state committeemen and as most of the delegates are friendly to Mayor Thomas L. Johnson of Cleveland, who will be chairman of the convention, the indications are that the convention will be harmonious and without unusual features except in the ovation accorded Mayor Johnson. While it is generally conceded that he can name the ticket and dictate the platform, there is no slate announced.

It is conceded that Rev. Herbert S. Bigelow of Cincinnati can have the nomination for secretary of state if he will accept it, but since the McLean men secured the organization in his home county by re-electing Lewis G. Bernard as chairman of the executive committee at Cincinnati, Rev. Bigelow's acceptance may remain in doubt until after a conference between Johnson, Bigelow and other leaders.

Mayor Johnson has reserved almost the entire second floor of the West House for his reception and conferences and changed his program so to arrive Monday instead of waiting for the Cuyahoga delegation. While everything is conceded by the McLean men to the Johnson element except control of the new state central committee, that as well as all other committees is claimed by the Johnson element.

When the delegates meet Tuesday in congressional districts it will be determined what faction secures a majority of the 21 members of the state committee and that is the feature and the fight of the convention.

When these committees report to the convention on the following morning it is said that McLean will not even obstruct the Johnson men in any of the proceedings. The McLean men say openly that they want the state committee for ulterior purposes, as it names the time and fixes the conditions in the call of the state convention next year.

While the McLean men are opposed strongly to some of Mayor Johnson's views on both national and state policies, they will not make any fight on the Johnson platform, which has been prepared at Cleveland and will be brought here by the chairman of the convention and which is in accord with his well known views.

The platform will not only incorporate Johnson's views on taxation, franchise and other state issues, but also reaffirm the Kansas City platform and endorse Bryan. The Democratic convention that nominated Colonel James Kilbourne for governor last year did not mention Bryan or the Kansas City platform.

Johnson's Automobile Trip.

Cleveland, Sept. 2.—Mayor Johnson, who is to be temporary chairman of the Democratic state convention, left for Sandusky in an automobile at 11 a. m. and expects to reach the convention city at 3 p. m. His son accompanied him. The distance to Sandusky is 60 miles.

Regatta on Harlem River.

New York, Sept. 2.—The thirteenth annual regatta of the Middle States began on the Speedway course, Harlem river. The races were one mile straight away and were rowed with the tide. There were 60 entries including oarsmen from Philadelphia, Baltimore, Newark, N. J., and Toronto, Canada. The most prominent sculler entered was Scholes, the Canadian, who was defeated by Titus at the Henley regatta in July. Titus was not entered.

In the South.

Birmingham, Ala., Sept. 2.—Labor Day was generally observed in Birmingham and throughout the state. The various local unions paraded the streets, fully 2,000 men being in line. At the fair grounds athletic contests were held in the afternoon. Business was suspended at noon.

NO PASSES ISSUED.

Owing to Intense Feeling Soldiers Are Kept in Camp.

Tamaqua, Pa., Sept. 2.—Quiet prevails in the Panther Creek valley. The non-union men employed at breakers No. 4 and 12, on the Lehigh Coal and Navigation company reported for work as usual. A platoon of Company A went by the trolley cars from Manila park to Summit Hill as guard for the non-union men, while the Governor's troop, Captain Ott, patrolled the valley. Their services were not required, however, as very few people were on the streets and no attention was paid to the workmen or soldiers. Owing to the bitter feeling existing against the soldiers at Lansford and Summit Hill, the officers will not issue passes to their men for these points. There will be no observance of Labor Day in this region.

FARLEY SELECTED.

His Name Will Be Recommended as Archbishop of New York.

Rome, Sept. 2.—The propaganda, after a lengthy sitting, decided to recommend to the pope to appoint the Right Rev. John M. Farley, D.D., auxiliary bishop of New York, as archbishop of New York, in succession to the late Most Rev. Michael Augustine Corrigan, and Right Rev. George Montgomery, bishop of Los Angeles, Cal., as coadjutor to the Most Rev. Patrick William Riordan, archbishop of San Francisco.

Cardinal Gotti, prefect of the propaganda, presided. The other cardinals present were Serafino Vannutelli, Vincent Vannutelli, Satolli, Steinhuber, Segna, Cretonic, Vives y Tuto and Martinelli. The discussion lasted three and a half hours.

About Miss Stone's Capture.

Constantinople, Sept. 2.—The report circulated in the United States by a news agency that the Turkish government had addressed an abrupt note to United States Minister Leishman, saying that it absolutely refused to further discuss the responsibility for the capture by brigands of Miss Ellen M. Stone, the American missionary, and a companion in September, 1901, as the outrage was not committed on Turkish territory, is not true. As a matter of fact, the question of the porte's responsibility is indisputable since the capture, payment of the ransom, and liberation of the captives all occurred in Turkish territory. The correspondence on the subject on the measures taken for the discovery and arrest of the brigands continues and the insufficiency of the efforts displayed by the Turkish authorities has been subject of complaint by the United States legation. The porte is following its usual course of trying by every means to evade the demands of the legation for the capture and punishment of the guilty persons, alleging among other reasons that the captives when released did not furnish sufficient information to enable the authorities to find the brigands.

Shocking Accident.

Lancaster, Pa., Sept. 2.—Mrs. William M. Appell of this city, daughter of George F. Baer, president of the Philadelphia and Reading Railroad company and Mrs. J. Stewart Walker, of Lynchburg, Va., were injured in a runaway accident here. Another runaway horse scared the animal they were driving and it ran away upsetting the carriage and throwing them out. Both landed on their heads with the carriage on top of them. Mrs. Walker's skull was fractured, and her chances for recovery are poor. Mrs. Appell was not so badly hurt, though she was considerably bruised and cut.

Governor Beckham's Attitude.

Louisville, Sept. 2.—The Rev. W. F. Lloyd, pastor of the Fifth and Walnut street Methodist church in this city, who preached a sermon denouncing prize fights, received a letter from Governor Beckham expressing disapproval of prize fighting in Louisville and throughout Kentucky and stating that he hoped the Louisville authorities would take steps to prevent the contest between McGovern and Young Corbett which is scheduled to take place in this city Sept. 22. The governor did not state whether he intended to take any action in the matter.

Dynamite Lets Go.

Louisiana, Mo., Sept. 2.—A terrific explosion occurred at the Hercules dynamite plant, 11 miles north of here. The shock was felt distinctly here. The acid house was the scene of the explosion, which utterly annihilated the building and all its contents. Owing to the early hour of the explosion men had not commenced to work and no one was hurt.

Labor Candidate Elected.

Dublin, Sept. 2.—Alderman Patrick Dowd, the labor candidate was elected lord mayor of Dublin. Timothy C. Harrington, the retiring lord mayor, was a candidate for a third term but was defeated.

RESULTS OF WAR GAME

Beacon Hill Signal and Wireless Telegraph Station Captured.

FLEET UNDER HIGGINSON WINS.

Dash Was Made Into the Harbor at Block Island and the Means of Communication Seized.

Block Island, R. I., Sept. 2.—The Beacon Hill signal and wireless telegraph station established by the army in connection with the extensive war maneuvers, was captured by the fleet, representing the enemy under command of Rear Admiral Higginson just after 6 o'clock. Monday morning. The station was abandoned after a bombardment of two hours and a quarter by the battleships and the guard escaped before a superior force of marines which had landed under cover of the fire from the vessels at Great Salt Pond harbor. Eight hundred marines are now holding the station and guarding the approaches while the fleet is anchored off shore.

It was scarcely midnight when the patrol of the Block Island life saving station discovered the fleet off the eastern side of the island. The signal station at once was warned and the men considered an attack imminent. They had four hours leeway. At 4:15 the battleship ran in and opened fire on the island.

Of course the seizure and destruction of telegraphic and cable facilities were figurative, and it required the decision of an umpire to make plain whether or not the point attempted by Admiral Higginson had been won.

As the landing was made, the telegraph offices were entered by sufficient force to have destroyed the property, and at least the instruments and at the same time a boat's crew had located the cables with grappling hooks and had held them a sufficient period to have allowed for the cutting of them, there seemed to have been no question that the move had been entirely successful. The Olympia appeared off this port suddenly early in the morning and immediately two boats put off toward shore.

One was a launch and the other a whaleback boat and in them was a detachment under Lieutenant L. H. Everhardt. The launch landed here, while the whaleback lay off shore and at once began grappling for the cable. The men under Lieutenant Everhardt rushed to the office of the Martha's Vineyard telegraph company and then to the telephone station and carried out their order to make the seizure. Having accomplished this work, they returned to their launch, joined the whaleboat and returned to their ship. This move cut off the only communication with the islands of Nantucket and Martha's Vineyard, which are very important observation stations.

Marines Landed.

Woods' Hole, Mass., Sept. 2.—The United States cruiser Olympia has landed a detachment of men at Bay Head and the cable from that point to Pasque Island has been cut in connection with the water maneuvers.

Strike Threatened.

Buffalo, N. Y., Sept. 2.—Danger of a general strike along the water front is believed to be imminent, and it is said that the only means of averting it is for the freight carrying lines to employ only tugs operated by union men. The union men have spent weeks in perfecting their plans for an aggressive fight. The managers of the freight lines declare they would rather tie up their boats for the rest of the season than employ the tugs as the union men say they must. Should a strike be ordered it will include, it is said, stevedores, lumber shovers, scoopers and freight handlers. It is estimated that about 90 per cent of them are union men. Crews of incoming steamers are forbidden to take out their vessels until the trouble is settled. Several big steamers have been deserted by their crews when about to leave port and have been obliged to remain.

Letter Carriers at Denver.

Denver, Sept. 2.—The delegates to the annual convention of the National Association of Letter Carriers and other visiting letter carriers, together with the entire force of the Denver postoffice, held a parade for which the unusual honor of an escort of four companies of infantry and two of cavalry from Fort Logan, with the post band, was escorted by order of Brigadier General Funston, commander of the department of the Colorado. Over 1,000 took part in the parade, after which the visiting letter carriers attended the Labor Day picnic. Contests are expected in the convention,

over the election of president and the proposition to hold biennial instead of annual conventions. The friends of President J. C. Keller of Cleveland are working to re-elect him and A. J. Michener of St. Louis is the opposing candidate.

MT. PELEE ACTIVE.

Two Hundred Inhabitants Annihilated by Tidal Wave.

Castries, Island of St. Lucia, Sept. 2.—The British steamer Korona arrived here Sunday from Fort De France, Island of Martinique. She reports that a terrible eruption of Mont Pelee occurred at 9 p. m. Saturday and that people who arrived at Fort De France from the northern part of the island reported that the village of Morne Rouge near the district previously devastated, had been entirely destroyed and that Le Carbet, a village on the coast which was destroyed at the time of the great eruption, had been swept by a tidal wave. About 200 persons lost their lives.

A sloop from the Island of St. Vincent which reached here Monday reports that Mont Pelee's crater is now quiet, but that the detonations during Saturday night were the loudest heard up to that time and that the inhabitants were terribly alarmed.

Saw Mt. Pelee.

Basse Terre, Island of Guadeloupe, Sept. 2.—The French trans-Atlantic company's steamer Salvador, which has just arrived at Point A Pitre, reports that she left Fort De France, Island of Martinique and passed Mont Pelee. The volcano was then in violent eruption. On approaching the islands of Les Saintes (small islands off the south extremity of Guadeloupe) ashes were falling on the vessel. She arrived off Point A Pitre at sunset, but was unable to enter that port until 11 o'clock at night owing to the obscurity.

PASSED AWAY.

Originator of "The Don't Worry Club" Dies at Orange.

New York, Sept. 2.—Theodore Frelighuysen Seward, musical composer and president of the Brotherhood of Christian Unity, is dead at Orange, N. J. He was 67 years of age. Mr. Seward in addition to founding the brotherhood, originated the Don't Worry clubs and the Golden Rule Brotherhood. He was for many years editor of various musical periodicals published in this city. His best known work was the recording of many religious melodies of southern negroes of which "Swing Low, Sweet Chariot" and "Turn Back, Pharaoh's Army," are types. With a company of jubilee singers he toured Europe a number of years ago and raised several hundred thousand dollars for Fisk university of Nashville, Tenn.

Confessed to Murder.

Colchester, Eng., Sept. 2.—At the police court here Lance Corporal Lloyd of the Bedfordshire regiment, who had surrendered to the authorities, charging himself with the murder of an unknown man in Kansas City, Mo., in January last, was remanded for a week, after formal evidence had been given. Lloyd, who claims to be an American citizen, in his confession to the police, said his real name was William G. B. C. Toll, Kansas City, that he was married, and that he had formerly served in the United States army from which he had deserted. The prisoner further asserted that he did not know the name of the man he killed. His object was robbery and he knocked the man on the head with a coupling pin.

After a Guard.

Wilkesbarre, Pa., Sept. 2.—An extra guard was placed at all of the collieries of the Kingston Coal company at Edwardsville. The strikers have been in an angry mood since Saturday, because one of the guards at No. 4 mine is alleged to have made the remark that he hoped the mines would keep closed until the strikers became so hungry that they would have to eat their children. William Williams, the superintendent of the mine, has promised the strikers that if it can be proven that such a remark was made, he will discharge the guilty man at once.

Women Delegates.

London, Sept. 2.—The thirty-fifth trades union congress commenced a week's session in London. Upwards of 500 delegates representing a million and a quarter of workers were present. They included many women delegates. The United States was represented by Harry Blackmore and Patrick Dolan. One of the principal resolutions which will be submitted demands legislation creating a supreme court of arbitration with compulsory power to settle disputes between employers and employees.

A thief threw a handful of red pepper into the face of Charles E. Wilsdorf, a Cleveland jeweler, and stole \$500 worth of diamonds.

TOILERS OF THE LAND.

Celebrate the Day, Dedicated to Labor, by Parades and Picnics.

REPORTS FROM THE VARIOUS CITIES.

Business Is Generally Suspended and Thousands of Workmen Appear in Line—Collection For Striking Miners.

Chicago, Sept. 2.—More than half the usual business of Chicago is at a standstill in honor of labor. The plants of nearly every industry represented in over 800 labor unions, as well as all banks and the Stock Exchange and board of trade were closed while organized labor celebrated its annual holiday. During the morning hours a great throng of working men passed in review through the downtown streets. A novel feature of this parade was a contribution of money for the striking anthracite miners thrown into a number of outstretched flags borne along the route by several of the unions. In the afternoon picnics were held at many of the adjacent parks, where addresses on labor questions were made by prominent speakers.

Big Demonstration.

Scranton, Pa., Sept. 2.—Twenty thousand men marched in the Labor Day parade here. It was the biggest labor demonstration ever seen in this city. The striking mine workers formed the entire first division and were over 12,000 strong. Two other divisions were made up of various trades unions. After the parade was held at Lake Ariel. There has been no such universal observance of Labor Day since the holiday was inaugurated. Business was almost entirely suspended throughout the city and the Lackawanna valley. The occasion was made use of to strengthen any weakness that might exist in the ranks of the striking miners. No demonstration was made at any of the collieries and the strike situation here remains unchanged.

Mitchell at Philadelphia.

Philadelphia, Sept. 2.—Labor Day was generally observed here by the various trades unions and more than ordinary interest was displayed in the celebration from the fact that John Mitchell, president of the United Mine Workers of America was the central figure of the demonstration. The weather was perfect and it is estimated that 15,000 men participated in the street parade of labor organizations. The principal event of the day was a picnic at Washington park, on Delaware river, where two addresses were made by President Mitchell. All of the money collected during the festivities will be donated to the cause of the striking miners.

Paraded Five Miles.

Cleveland, Sept. 2.—Twenty thousand workmen started on a five mile route in their annual parade in this city. The International Longshoremen's association had perhaps 6,000 men in line; the tailors 1,000 and the painters and decorators 800 each. The painters and decorators wore a uniform of red cap, blue shirtwaist and white trousers, making a striking appearance. One hundred waiters were in full dress, including silk hats.

Gompers at New Orleans.

New Orleans, Sept. 2.—President Samuel Gompers of the American Federation of Labor reviewed an immense parade of organized labor. It was the first celebration under the new law making the first Monday in September Labor Day. Banks, exchanges, public buildings and many business houses closed. President Gompers delivered an oration at the big picnic given by the central trades and labor council.

Rain at Pittsburgh.

Pittsburgh, Sept. 2.—Frequent showers interfered with the celebration of Labor Day in Pittsburgh. In the morning there was a large parade of members of various organizations. Among the speakers were Thomas L. Lewis of Ohio, general vice president of the United Mine Workers, and Theodore J. Shaffer, president of the Amalgamated association.

First Holiday.

Louisville, Sept. 2.—In spite of threatening weather, Labor Day was more generally observed in this city and throughout the state than in previous years, Governor Beckham having declared it a legal holiday for the first time. The feature of the day was a big parade in the afternoon participated in by nearly every labor organization in Louisville.

London, Sept. 2.—In a fight over a woman near McWhorter, this county, James Cunigin was shot and killed by Robert Turner.

GERMAN statisticians figure out that the United States ranked third in the commerce of the world last year. Great Britain and her colonies stand first, with a total of nearly \$7,000,000,000, Germany second with \$2,600,000,000, while Uncle Sam's imports and exports were \$2,118,200,000.

TEN thousand men are expected to lose their jobs as a result of the harvester combine. That's the way the Republican-fostered and Republican-protected trusts help the people. The money heretofore paid these men will be pocketed by a few multi-millionaires, who don't need it.

Handkerchief Time!

Boating, bicycling, driving, pic-nicing and all summer pleasures fly away with handkerchiefs. Don't know what becomes of them—they are as quickly lost as a reputation. So it doesn't pay to have handkerchiefs too fine to lose. Nice enough not to be ashamed of but cheap enough to replace easily. Try these:

FOR CHILDREN—White handkerchiefs with colored borders solid or figured. 6 for 24c. Sold only in half dozen lots.
FOR WOMEN—Mourning handkerchiefs, fast black solid borders, 5c. Pure linen handkerchiefs, very sheer, neat hemstitched border 6 for 50c. Sold only in one-half dozen lots. These handkerchiefs can't be equalled anywhere under 12½c. each.
FOR MEN—All linen, one inch hemstitched border, 10c. In appearance

and in actual service for we've made the test, this handkerchief equals any 15c. one in the market.

STILL COMING—New things adorn our counters daily. Some pretty belts—black corded satin ribbon girdles with oxidized buckles and slides, 50c. Black Moire postillon belts with crocheted ring fastening, 50c. Mercerized table damask, 2 yards wide, 75c. yard. Large oval cakes of oatmeal soap, delicately perfumed, 6 for 25c. The best inexpensive soap.

Mr. A. H. Thompson Monday purchased the entire interest of Mrs. Wm. B. McAtee in the real and personal property of the firm of Thompson & McAtee, and the business will hereafter be conducted at the present stand under the firm name of A. H. Thompson. Mr. Thompson thus becomes the sole owner of the handsome business house and factory just west of the opera house, one of the finest in the city, and likewise becomes sole proprietor of the buggy, carriage, wagon and farm implement business built up by the old firm.

The Great Barlow Minstrels.

Considerable interest will be manifested among the minstrel loving people of this city by the announcement of the coming of the great Barlow Minstrels, who will appear at Washington Opera House on Friday, Sept. 5th, for one night. The company has always been very popular among the amusement community, and always gave a most satisfactory, bright, as well as clean performance. This season it has undoubtedly the very best aggregation of "burnt cork" talent obtainable, and is heralded as being of superior merit. The scenic effects are said to surpass all previous attempts, and the most elaborate, as well as magnificent first part setting will be seen, entitled "A Royal Reception in Beautiful Venice," which is a veritable revelation in the possibilities in modern minstrelsy, comprising elaborate electric scenic environments, transformations, beautiful costumes and brilliant, sparkling music and repartee. Watch for the grand noon-day street parade and concert on day of the performance. Seats on sale, Wednesday morning, at Nelson's.

NEW GAS FOR AUTOS.

Its Most Important Feature is Its Safety. It is Likewise Very Cheap.

[New York Cor. Chicago Record-Herald.]
 W. H. Russell, after thirty years of experimenting, claims to have discovered a gas much better than gasoline for automobiles and launches. In expansion he said to-day: "The most important feature of the invention is its safety. The regular gasoline motor is used, but there is no gasoline tank that may leak and result in a fire."

"This gas, which is created from various hydro-carbons and chemicals, is formed in a small tank similar to that used for ordinary oxyhydrogen, but it is absolutely without pressure. It is generated by an air syphon that acts only when the engine is running. There can be no condensation or odor, and the mixture is non-explosive, except by a spark under cylinder compression. I call it electro-safety gas."

"The gas will furnish light, heat and power. About 100 sixteen-candle-power electric lamps can be operated at a cost of 10 cents an hour. An eight-pound tank measuring eight inches by fifteen inches will run a four-horse-power vehicle 150 miles, and enough gas can be carried, if desired, to run an automobile for 5,000 miles. It costs about half a cent per horse power per hour. The strongest recommendation for this power is the fact that gas is generated only when the machine is running, and that it is absolutely without pressure."

E. K. Kolb and Miss Susanna Lorey, a Portsmouth couple, were married Monday by Judge Newell. The groom is express agent at Portsmouth.

The Kentucky B. Y. P. U. will hold its annual State meeting at Dayton in November.

Mr. Charles Funnell has gone to Cincinnati to accept a position in a leading drug store.

Rev. Dr. Vaughn preached his last sermon as Presiding Elder of this district at Washington Sunday night.

The people of Washington are anxious that Rev. J. J. Dickey be returned there, as he is a sincere and laborious servant of the Lord.

Samuel N. True and Miss Birdie Terhune, of Dover, were married Monday afternoon at the home of the groom's brother, Mr. A. J. True, of this city, Rev. Mr. Cartwright officiating.

The case of the Commonwealth against John Boughner, Wm. Yarnall and Robert Clayton, charged with cutting Trainmaster Moriarty of the C. and O. during the fair, was called Monday in the Police Court and continued until next Friday at 2 p. m.

The funeral of the late Mrs. Park Stewart will take place Wednesday afternoon at the home of her mother Mrs. Alice Payne on East Sixth street, Rev. Dr. Boyet officiating, assisted by Rev. H. E. Gabby. Interment in the Maysville Cemetery.

The will of Matilda Trisler was admitted to record Monday in the County Court. She distributes her household goods among her children, and after her funeral expenses and debts are paid, the rest of her cash is to be divided equally among the children.

Two negroes got into a fight at Cynthiana and one of them fired five shots at his adversary on a crowded street. Four people were slightly wounded. The negro was roughly handled by enraged citizens, but the excitement subsided when it was learned that no one had been killed.

A boy, apparently fourteen years old, was run over by a train one mile west of Greenup and killed. He was cut in twain and every bone in his body broken. He wore overalls over striped knee pants. There were no marks of identification except the initials "N. B. P." scratched on a leather belt.

Emperor William, in a recent speech, said: "He who does not found his life on religion is a lost man. I rejoice that I have placed my whole empire, my people, and my army, as well as myself and my house, beneath the cross and under the protection of Him who said: 'Heaven and earth shall pass away, but my word shall not pass away.'"

The Lexington Leader of Sunday has the following: "Col. Wm. Yellman, now a resident of Maysville, after whose family the settlement in Lexington known as Yellmantown was named, and who is also known as a warhorse in Democratic politics, is a visitor in the city. He has come to renew acquaintances in old circles and to take in the Labor Day picnic in company with other Democratic friends who will assemble here on that occasion."

Fall Dress Goods!

They arrived about a week ago. Haven't advertised them yet, but those that have seen them have advertised them for us. This season's styles are far different from previous years. As usual we have the strongest importer's line of Dress Goods confined to us, and most of the patterns will be found nowhere else,—at least in Maysville.

ZIBELINES lead the list. Mixed, plain, plaid and striped. They resemble camel's hair, but have a style that is all their own. We predict them a big season and are prepared for our prediction. From 59c. to \$1.89. All colors.

COTE CHEVAL—A hard name to pronounce and a hard piece of goods to wear out. France is the originator

of this style and deserves credit for same. Different from other goods. Different in wear, different in style. From 59c. to \$1.50. Tan, grey, green and navy.

BOUCLE NOVELTY—If you wish to be exclusive in dress buy one of these patterns. Only one dress to each pattern. Dame Fashion's newest and swellest Dress Goods Novelty \$1.98 yard. Fifty inches wide.

PANAMA SUITINGS—Just the thing for a tailor-made suit or a pretty walking skirt. Not too heavy and not too light. They come in all the leading popular shades. 59c. to \$1.69.

MELTONS are very good this year. Our line embraces all the popular colors in vogue. The 79c. ones need special mention as they are a very special quality at a very special price.

BASE BALL.

The Game Monday Resulted in a Victory For the Ohio Team.

The game of ball at the East End park Monday afternoon resulted in a victory for the Ohio club. Score 11 to 6. The playing of the visitors was fast in every way, while the locals did not play in their old style. Howell, the Manchester boy, pitched a good game for the local club and had been given good support would have won. The Georgetowners are gentlemen on and off the diamond.

The management wishes to thank the public for their liberal patronage, and also those who contributed to help clean up the park. Likewise to thank Prof. Walker and his band for the services they rendered.

Ripley sent up a bunch of rooters, and they pulled strong for Maysville first, last and all the time. The Bond Hills will likely play here next. The local club should put in more time at practice and do less rag-chewing.

The protracted meeting at the Washington Christian Church has been postponed until next week.

The Courier-Journal Saturday had a halftone of Prof. E. Reganstone, Principal of Maysville's High School.

The meeting at Murphysville is increasing in interest and a good many additions to the church have been received.

Charles D. Pearce, R. A. Cochran and H. B. Owens have been appointed to appraise the personal estate of the late J. B. Burgess.

Mr. George Schwartz's many friends will be glad to know he is much better and now able to sit up after an illness of a week or so.

The will of the late J. R. Hoffman was admitted to record Monday. Eliza Hoffman qualified as executrix, without surety. She is the sole devisee under the will.

C. B. Willis and H. Clay Moore are the new Election Commissioners for Bracken County, John Smoot and John P. McCartney for Fleming, W. Jeffers and H. C. Myers for Lewis, and W. A. Morris and Wm. Dayton, Sr., for Robertson.

Mr. John Weimer, formerly of this city, but who has held a position in one of the railroad offices at Denver as operator, has accepted a more lucrative position with the Cripple Creek Short Line, with headquarters at Colorado Springs.

Along with the minutes of the last regular meeting was read a communication from Mayor Stallcup vetoing the action of the Council directing the Committee on Gas and Electricity, with the Mayor added, to enter into a contract with the Maysville Gas Company for lighting the city for a period of twenty years, the electric arc lights to be paid for at a rate of \$75 per lamp per year and the gas lights at a rate of \$22 per lamp per year. The Mayor in vetoing the action of Council says:

The resolution and the action of your honorable body meets with my approval as to the price charged for the arc lamps and gas posts, but I cannot give my approval to that portion of the contract that binds the city for the term of twenty years. The experience of the past few years leads me to believe that with the constant and growing improvements that are being discovered, it is my opinion that it would be detrimental to the best interests of the city to enter into a contract for the term of twenty years. I therefore return the resolution and ordinance without my approval, and file the same with the

COFFEE!

Nothing is more enjoyable than a good cup of coffee. Its strengthening qualities is well known.

LANGDON has made coffee a study for years and every grain is tested by him before being placed on sale. We have our own coffee roaster giving you the advantage of fresh roasted goods each day.

Our French Breakfast, a royal drink, 15c. pound is as good and better than you can get anywhere at 25c. pound. Our Hacienda, a Java blend, 18c. a pound is simply splendid. A drink fit for the Kings.

Our Crown Mixture at 20c. pound is a pure Java with a delicious flavor blended to perfection and sure to please. Our Aristocrat and Aroby Blend at 25c. and 30c. is as good as grown. Selected and roasted as highest grade coffees.

Our good Rio at 12c. per pound is a good coffee and worth 15c. We have a fair Rio at 8c. pound that beats all package goods.

Come and see our brands. Wholesale prices to dealers.

The Mayor reported \$193 05 as amount of license paid in August.

The petition of Miss Lizzie Hamilton for permit to improve a building at corner of Commerce and Front streets was granted.

The Central Hotel Company's saloon license was transferred to P. Sammons.

The matter of looking after the repairs to the Limestone Creek bridge was left in hands of the Committee on Turnpikes and Railroads.

The delinquent tithe taxes were placed in the hands of Chief of Police Donovan for collection, he to receive 25 per cent. commission on the amount he collects.

Resolutions were adopted ordering the reconstruction of sidewalks on Wall street, between Second and Third, and on north side of Third street, west of Wall. Also ordering a sidewalk to be put down on north side of Forest avenue from Lexington to Union streets. Also on north side of Forest avenue from Commerce east ninety-four feet. If the abutting property owners fail to put down the sidewalks, the city is to put down the pavements and hold lien on the property to pay for same.

A motion to have the weeds cut in the Sixth ward was referred to the Internal Improvement Committee.

A new proposition from the Maysville Gas Company for lighting the city was read. The only difference was as to the price to be paid for the arc lights, the new figures named being \$80 per light per year. The matter was referred to the Committee on Gas and Electricity to report back. The new proposition was for ten years.

Crossings were ordered put down at Commerce and Forest Avenue, and at the crossing of Grave alley at Front and Second streets. Morrison alley, east of Commerce street, was ordered repaired.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. The Official Board of the Christian Church will meet to-night at 7 o'clock in the minister's study. Let all be present.

BOARD OF EDUCATION.

Prof. Sherwood Elected Principal of District School No. 1—Other Changes Made in Assignment of Teachers.

At the meeting of the Board of Education last evening, Mrs. Jennie McKenney was elected janitress of the Sixth ward colored school at a salary of \$3 a month.

A motion was adopted that the schools hereafter be opened at 8:30 a. m. instead of 8 o'clock and that the noon recess be one hour instead of an hour and a half.

Ennis Travis, janitor of the High School, asked for an increase of salary to \$20 a month. Referred to the Property Committee.

Moved that George C. Sherwood be made Principal of District School No. 1. The Chair ruled the motion out of order. A motion was then adopted that the Board elect a male Principal for said district. Carried. Mr. Sherwood was elected as said Principal.

Miss Hattie Broshear was next elected a teacher for the Intermediate Department of the High School, the question as to which grades she is to teach being left to Prof. Reganstone.

Miss Lizzie Cartmell was then assigned to teach the fifth and sixth grades of District School No. 3.

The question of supplying necessary blackboards was left to the Property Committee.

The dispute over the election of a Principal for District No. 1 was a very lively one. Miss Cartmell had previously been assigned as Principal of said school by the Committee on Districts and Teachers. Mr. Arn called attention to the rule requiring a male Principal for each district, and moved that Mr. Sherwood be assigned for District No. 1. He was ruled out of order. Mr. Nesbitt then moved that the Board elect a male Principal for said district. This was also ruled out of order. Mr. Arn appealed from the Chair's ruling. The Board sustained his appeal by a vote of 8 to 1, and Mr. Sherwood was then elected. President Sallee retired from the Chair, and the rest of the meeting was presided over by the Vice President.

—Mr. John Taylor left Monday morning for Murphreesboro, Tenn.

LIVE STOCK MARKET.

What the Leading Trade Journal Says in Its Review of the Past Week.

[Cincinnati Live Stock Review.]

The receipts of cattle the past week show a total of 5,079 head, against 6,535 head the previous week, and 5,230 head two weeks ago. The market for cattle the past week was a tame affair, with so little demand that prices tended downward each day. The quality was only fair. There were no choice heavy steers on the export included in the arrivals. There was not much life in the stocker and feeder trade. Milch cows were in small supply, and this caused the good milchers to rule steady, but the lower classes were dull and weak. Bulls were scarce and easy under light demand. Veal calves were the only active thing on the list, and they were strong and higher.

The receipts of hogs during the week were 9,481, which is 237 more than a week ago, and 1,943 less than on corresponding week last year. From March 1 to date the receipts reach a total of 307,512, and shipments 107,986, leaving a net supply of 199,526, against 257,673 the corresponding period a year ago.

The market toward the close of the week made rapid advances and was somewhat excited. Higher prices for product and higher quotations for hogs elsewhere, together with light receipts, caused active competitive buying. Light shipping hogs and pigs were more active than the butcher and packing grades at the close. The market on Wednesday reached the top prices for the week, when best hogs were \$7.90; a reaction of 10¢ occurred to-day.

Receipts of sheep and lambs were 8,926 less than last week, amounting to 20,635 head. The market was steady for lambs until the close of the week, when they suffered a decline. Sheep were slow and easy. At the close even at lower prices sheep were almost unsalable. The market closed almost at a standstill and receipts were fairly liberal.

A simple and good lotion for nightly use to ward off the effects of the day's outings is made of a dram of tincture of benzoin, an ounce of rectified spirits of wine and eight ounces of rosewater mixed with the juice of a lemon added. To prevent sunburn and freckles the face should be covered before going out with a pure cold cream which is to be removed with a soft linen cloth, but should be used with reasonable economy. Powder is then applied freely, and the superfluous rubbed off.

CINCINNATI TOBACCO MARKET.

It Was Unsatisfactory to Shippers Last Week—Drouth Injuring the Growing Crop.

	Week.	1902.	1901.
Offerings, hhds.	1,206	1,425	
Total rejections.	316	232	
Actual sales.	890	1,193	
Total receipts.	1,607	2,017	

The 1,206 hhds. offered averaged \$7.52 per 100 lbs. as against \$7.90 for the 1,445 hhds. last week and \$8.29 for the 1,425 hhds. in the corresponding week last year.

While there has been an increase in the receipts during the past week, as compared with previous week the decreased offerings and higher percentage in rejections show the market to have been unsatisfactory to shippers.

All grades, however, have not shared in the easier feeling, but the market was very irregular, and especially so on Thursday, followed by a rally and somewhat better prices for the limited offerings at Friday's sales.

Buyers seem disposed to be more critical and discriminating between the good packages and those showing evidence of careless and indifferent handling. Medium leaf continues to be the weak spot in the market and offerings on this type have been considerably curtailed as a result. Cigarette cutters and wrappers and other types of high grade leaf were in but very scant supply and excited lively competition, the American Tobacco Company, however, securing nearly all the choice packings. In red tobaccos the trashes under \$4.30 and common and medium lugs ranging from \$4.25 to \$6 were probably the best sellers, but these types shared more or less in the generally easier feeling prevailing in the market.

The speculative element was somewhat in evidence for bright smokers and colony lugs, but there was only a very limited supply of these goods to meet their demand.

While the quality of the offerings during the week has been below the average the condition was generally very fair and shippers' views seem to be well sustained that nearly all grades are selling below true values.

Advices from the growing sections are not very satisfactory, as rain seems to be badly needed throughout the entire burley belt of Central and Northern Kentucky and West Virginia, and also in the dark tobacco section of Southern Kentucky, and, generally speaking, rain or the lack of it will be the making or marring of the crop in the next ten days.

In the County Court yesterday, the last will and testament of Rev. John Hickey was probated. The will, which was executed in 1893, bequeaths to the Rt. Rev. Camillus Paul Maes, Bishop of the Diocese of Covington, and his successors in office, all of the testator's real and personal estate, which, however, are charged with certain payments to be made to the testator's two maiden sisters. The death of one of the sisters subsequent to the execution of the will, was the occasion of a change in the will in reference to the provisions for the said sister, which change was made by codicil executed in 1900. As far as the realty bequeathed is concerned, the provisions in the will in reference thereto will be inoperative, since subsequent to the execution of the will, the testator conveyed his land by deed to the devisee in the will, Bishop Maes, and his successors in office. Bishop Maes is nominated as executor, with the request that he qualify without bond.

Woman is often referred to by man as "doubtful his joys and halving his sorrows." That may be complimentary but it would seem to be rather hard on the woman. For in plain terms it means that where things are going well with the man his wife makes them go better. But when things are going ill with him, he expects the wife to share half his burden. And there's more truth than poetry in this presentation of masculine selfishness. Men don't appreciate the fact that the strain of motherhood alone is a burden bigger than all the loads that rest upon male shoulders. They see the wife grow thin, pale, nervous and worn without a thought that she is over-burdened. Among the pleasant letters received by Dr. Pierce are those from husbands who have waked up before it was too late to the crushing burdens laid upon the wife, and in the search for help have found in Dr. Pierce's Favorite Prescription a restorative which has given back to the mother the health of the maiden and the maiden's happiness. "Favorite Prescription" always helps, and almost always cures. It has perfectly cured ninety-eight out of every hundred women who have used it when afflicted with diseases peculiar to women.
